CAREER OBJECTIVE

Final-year Information Technology student with hands-on experience in Java, SQL, MySQL, HTML, CSS, JavaScript, and Spring Boot. I have worked on projects involving web development, databases, and a hand-gesture based application. Looking for an entry-level software developer role where I can use my programming skills, learn from real projects, and contribute to the development team.

EDUCATION

JES's Institute of Technology, Management & Research, Nashik **2027**
B.E. in Information Technology – Savitribai Phule Pune University *4th Year*

- Current CGPA/SGPA performance: 3rd Year SGPA – 8.24

Higher Secondary Certificate (12th) **67.17%**
Maharashtra State Board

Secondary School Certificate (10th) **86.80%**
Maharashtra State Board

TECHNICAL SKILLS

Programming: Java, JavaScript, HTML, CSS
Database: SQL, MySQL, DBMS
Frameworks: Spring Boot, React.js
Tools: Git, GitHub, VS Code, IntelliJ IDEA,antigravity
Core Concepts: OOP, Data Structures, REST APIs, Database Connectivity

INTERNSHIP

CodeDrift **5th jan - 5th feb**
Software Development Intern

- Worked on software development tasks and gained practical experience in application development.
- Applied programming and database concepts while working in a professional development environment.
- Improved understanding of debugging, problem solving, version control, and software development practices.

PROJECTS

PalmPass – Hand Gesture Based Web Unlock System *React.js, JavaScript, Spring Boot, MySQL*

- Developed a web-based authentication concept that allows users to unlock the application using a detected hand gesture.
- Built the frontend using React.js with a camera-based hand detection interface and an interactive lock screen.
- Developed a Spring Boot backend and connected the application with a MySQL database for storing user and gesture-related data.
- Implemented frontend-backend communication using REST APIs and Axios.

Real Estate Management System *Java, Spring Boot, MySQL, HTML, CSS, JavaScript*

- Developed a database-driven web application for managing real estate-related information.
- Implemented CRUD operations for property and user-related data using Java and MySQL.
- Designed a structured database and integrated backend functionality with the application interface.

PROFESSIONAL DEVELOPMENT

- **Envision Computer Training Institute, Pune** – Completed practical training in Core Java, MySQL, and software development fundamentals.
- Completed hands-on assignments and coding practice focused on Java programming, SQL, databases, and application development.

RELEVANT COURSEWORK

Object-Oriented Programming, Data Structures, DBMS, SQL, Computer Networks, Operating Systems, Web Development, Software Engineering
